

Windows® Life without Walls™. Samsung recommends Windows 7.

P530 Pro Notebook PC Business Solutions

Everything about it says professional.

With a unique grip case that's comfortable to hold and prevents fingermarks, the Samsung P530 Pro notebook offers clean sophistication with professional productivity. Advanced technologies add both durability and performance, starting with the 15.6" LED-backlit high-definition LCD screen. The 16:9 widescreen offers more screen space than 16:10 screens. An Intel® Core™ i3-330M processor with Genuine Windows® 7 Pro 64-bit OS navigates professional applications with ease. A full-size isolation-type keyboard with integrated 17-key numeric pad makes data entry simpler. And the P530 Pro is ready to connect, with HDMI, 3-in-1 card slots, 3 USB 2.0 ports, and PC-to-PC real-time sharing.

Samsung notebooks. Crafted to perform.

Samsung

P530 Pro Notebook

CPU	Intel® Core™ i3-330M

Dimensions (W x H x D)	14.9" x 10.5" x 1.42"
Weight	5.27 lbs.
EPEAT	Gold

Features:

Intel Core i3-330M Processor

Multi-core processing provides 2-way multitask processing with two dedicated physical cores. It allows handling of multiple applications simultaneously with less wait time.

HDMI Connectivity

For the ultimate viewing experience, connect the Samsung P530 Pro notebook to an HD television or home theater system using the built-in HDMI connection.

LED-Backlit Display with 16:9 Aspect Ratio

The LED-backlit display offers higher brightness and more vivid color. You can display photo-quality images, greater viewing angles and crisp text. LED technology enables thinner screens, and require less energy for longer battery life. And a 16:9 ratio means DVD movies fill the screen without any annoying black bars.

Isolation Keyboard with Numeric Pad

An isolation-type keyboard makes it easier to IM, email and check surf the web. The integrated 17-key numeric pad adds convenience.

Simple Data Sharing

With a host of advanced connectivity tools, including a 3-in-1 memory card reader and 3 x USB 2.0 ports, the P530 Pro seamlessly moves data from digital cameras, camcorders, MP3 players or PDAs, straight to the notebook.

Eco-Friendly Design

Because of its extreme energy efficiency and zero use of hazardous materials, the P530 Pro is rated EPEAT Gold and is TCO 5.0 and RoHS compliant. The P530 Pro is a smart choice from both an economical and an ecological point of view.
